

Chronic Pain?

Monochromatic **I**nfra- **R**ed **E**nergy (**MIRE**) might help!

New advances from the Nobel Prize in Medicine has shown how **infrared light** can help!

Infrared Energy acts on the gas molecule, Nitric Oxide (NO), that is produced in the lining of the blood vessel wall. When mobilized by infrared light, NO is proven to:

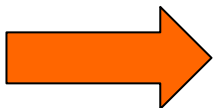

- Increase local circulation by up to 3,200%
- Decrease healing time by 40 to 60%
- Grow new blood vessels
- Increase utilization of endorphins
- Grow new bone cells
- Reduces scar tissue while speeds up healing

This light therapy has been approved by the FDA for:

- Decreasing Pain
- Increasing circulation

***Navy Seals, Army Rangers & Major Sport Teams use this to speed up healing**

Responsive Conditions

Inflammation / Infection

- ~Bursitis
- ~Osteoarthritis
- ~Tendonitis
- ~Plantar Fasciitis
- ~Lateral Epicondylitis
- ~Neuritis
- ~Synovitis
- ~Bell's Palsy
- ~Cellulitis
- ~Osteomyelitis (IV Antibiotics)*
- ~Shingles

Range Of Motion Deficits

- ~Frozen Shoulder
- ~Contractures

Pain

- ~Neuralgia
- ~Fibromyalgia
- ~Neuropathic Pain
- ~Ischemic Pain
- ~Chronic Pelvic Pain
- ~TMJ

Circulatory Deficits

- ~Edema
- ~Lymphedema
- ~Sprains and Strains
- ~Raynaud's Disease

Nerve Entrapment

- ~Carpal Tunnel
- ~Tarsal Tunnel

Chronic Wounds

- ~Venous & arterial ulcers
- ~Diabetic Ulcers
- ~Pressure ulcers

Post Operative

- ~Reduce Swelling & Pain
- ~Speed Healing
- ~Reduce Adhesions and Scarring

Orthopedic

- ~Sciatica
- ~Degenerative Disc
- ~Non-Union/ Jones Fractures
- ~Chronic neck, knee and hip pain
- ~Shin Splints
